Leading Lessor Supports Spanish Airline's Fleet Strategy

Dublin, 3 May 2017

AWAS today announced the acquisition of a Boeing 787-8 on lease to Air Europa. The aircraft was delivered on May 3 to the Spanish carrier at the Boeing delivery centre in Everett, Seattle.

AWAS acquired the aircraft as part of a portfolio trade transaction delivered on a long-term lease by Jackson Square Aviation. This trade transaction of a premium aircraft is a win-win for both companies and further develops our mutually beneficial relationship.

Air Europa and AWAS have a relationship that spans decades. Today, Air Europa has established itself as one of Europe's premier airlines, providing scheduled and chartered services to markets across the globe. With this transaction, AWAS is pleased to have Air Europa back as an active customer.
